GOSSIP**Caused Calling of Coroner.****Township Trustees Sent For Him.****Sudden Death of a Little Child.****It Was One of Five Who Had a Stepmother.**

The sudden death of a child which has created a sensation at Greensburg was investigated by Coroner E. O. Leberman Wednesday afternoon at the request of the trustees of Green township.

Ten days ago a 3-year-old child of Mr. Smith, a miner, died after a very short illness. The neighborhood discussed the death to more than the usual extent. Mrs. Smith at the time of her marriage was a widow with five children. Mr. Smith was a widower and also blessed with five. The child which died, was of the latter flock.

Neighbors notified the Coroner of the death but under the circumstances he did nothing. The gossip assumed such proportions at last that the trustees took the matter up.

Coroner Leberman found Wednesday that the child's body had been interred in Stark county. He had no authority to disinter the remains, but from the physician, undertaker and father of the child he secured information which satisfied him that death was due to heart trouble.

W. L. Yancy, Paducah, Ky., writes: "I had a severe case of kidney disease and three of the best physicians in southern Kentucky treated me without success. I was induced to try Foley's Kidney Cure. The first bottle gave immediate relief and three bottles cured me permanently. I gladly recommend this wonderful remedy." J. M. Liker, J. Lamparter & Co., A. Warner.

\$700**Saved by the Infirmary****In the Expenses of January, 1901,****Over Those of January, Last Year.****Infirmary Has One Hundred and Eighty-Five Inmates.**

The regular monthly meeting of directors of the Summit County Infirmary was held Wednesday afternoon, and the result of the meeting was very satisfactory.

It was shown that a saving of \$700, during the month of January, 1901, was made over expenses for the same month in January, 1900. Bills aggregating \$2,700 were paid for expenses incurred in Summit and adjoining counties in January, 1900, and bills due under similar conditions in January, this year, aggregated \$2,000.

One of the officials said to a reporter for the Democrat Wednesday evening: "We are now conducting the infirmary under better conditions than ever before, and everything is resulting in a very successful and satisfactory manner."

The infirmary now has 185 inmates, many of whom are able to work. The health of the inmates is good generally with no cases of extraordinary character.

Those of the male inmates able to work have, during the past few days, been engaged in cutting ice, a goodly supply of which is being stored away by the infirmary.

The lecture Thursday night by Dr. Angell, President of the University of Michigan, promises to be one of the most delightful and instructive of the College Course.

President Angell is a man of rich experience and great gifts. His wonderful executive ability is demonstrated by the great University he has built up in spite of many difficulties. Its thousands of students and a score of departments are a tribute to his personal power. Our commercial treaty with China attests his skill as a diplomat. For years our ministers to China struggled against the conservatism of the east; it yielded only to the persuasion of Minister Angell, and he opened the ports of a continent to our shipping. His high rank as a scholar is shown by his authoritative works upon international law and Diplomacy. President Angell is a fluent and graceful speaker and his lecture upon "The Crisis in China" will be a masterly discussion of the situation in the far east. The lecture will be given at the Universalist Church, at 8 o'clock.

PRIMARIES.**Republicans Will Arrange For Them In a Few Days.**

Secretary F. C. Wilson of the Republican City committee will call a

meeting of the committee within a few days to make arrangements for the spring primaries.

Last year the primaries were held on March 10. There is an inclination to have them earlier this year in view of the larger city and importance of the election.

Our Footwear On the Move!

Odd lots to make room for spring stock. Owing to the small expense of doing business, and the power of prices, as we have figured it down, to command the attention of the public, cannot fail to make a clean sweep of such desirable footwear. This business has established one self-evident fact on that score. We never buy shoddy imitations, but direct from the manufacturers. Therefore never have to offer unsalable merchandise at the end of the season. You will make no mistake. Come and see our goods and prices.
